9th January 2026

Greetings!

APPRECIATION:

Dear Parents,

We are grateful to God Almighty for His infinite mercies and blessings upon us.

Another beautiful, productive and extremely busy academic year comes to a close. What a fantastic year we've had. There have been a few hiccups along the way and I wouldn't be human if I didn't acknowledge that. But we have overcome those challenges by communicating and working together. There have been many changes, which will take time for all of us to get used to, but we must continue to strive towards becoming better together which can only happen through change. It's time to enjoy a very well earned break. We commend the wonderful effort made throughout the year by both our wonderful students and teachers.

I would like to say a big thank you to all our incredible staff who have worked tirelessly and diligently throughout the year to provide outstanding education to all of our students. Thank you to all of our students for committing to improving and striving for excellence in your studies. Finally thank you to our parents who've been so supportive, compassionate and genuine educational partners to improve Hadassah Hall School this year. Thank you all for allowing us to mould such delicate minds and for trusting us with your most prized possessions. I look forward to working even closer with you all next year 2026.

I hope that our children keep themselves and their brains active over the holiday period, by exercising and reading at least one good book.

Have a restful and happy holiday.

Warm wishes,
Dumebi Ezar Ehigiator
HOS, Hadassah Hall
